- Corrosion resistant
- 10 year warranty
- Available in a range of frame colours
- Includes standard hardware
- 3 point locking mechanism

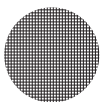

AUSTRALIAN STANDARDS

## Lets the fresh air in but that's all.

### Mesh Style available

316 Marine Grade Stainless Steel

Stainless steel mesh security hinged doors offer the comfort of fresh air flowing through your home with clear and unobstructed outdoor views. It's strength and durability also offers the peace of mind of knowing your home is secure.

Using 316 marine grade high tensile stainless steel, woven into a fine mesh, Amplimesh is a modern innovation in security products technology. These Stainless Steel mesh security doors are assembled using a unique patented pressure process, eliminating the need for screws, rivets, pins or snap ins to retain the mesh panel. It also ensures no dissimilar metal surfaces come into contact with each other, avoiding the possibility of corrosion.
